Bishop Farrell celebrates the Annual White Mass

We thank Bishop Farrell for taking time out of his busy schedule to celebrate our White Mass. The event took greater meaning for the Guild, as he celebrated Mass with us for the first time. In his homily, he discussed the importance of recognizing the humanity of each patient, not treating them as scientific endeavors or intellectual exercises.

During the Mass, he also provided a blessing to all healthcare providers in attendance, asking for guidance and strength as we serve our patients.

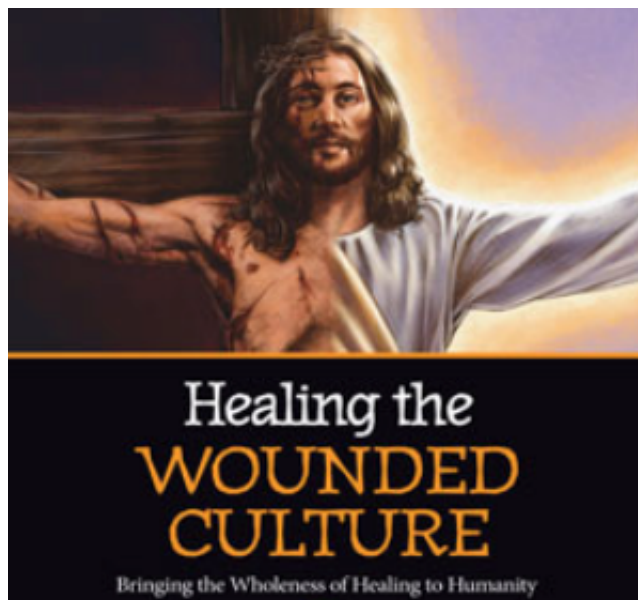

Thanks to all who attended the Mass - attending physicians, medical students, nurses, physician assistants, nurse practitioners, and all others. Special thanks to Fr. Rudy Garza - rector of the Cathedral of the Virgin Shrine of Our Lady of Guadalupe - who spoke at the reception, sharing his own experiences as a young boy who was critically hospitalized in Parkland Hospital. We also thank the Catholic Foundation, who helped support the event.

November meeting is cancelled

Next month's speaker (Dr. Stephen Skapek - Chairman of Pediatric Hematology-Oncology at Children's Hospital) was scheduled for November 3rd

at St. Monica's Catholic Church. However, because that night there will be a special event at St. Monica's for the displaying of the relics of St. Maria Goretti, our meeting will be cancelled. We will reschedule Dr. Skapek for early next year.
